The investment portfolio's performance shall be measured by appropriate and creditable industry standards for the investment type.

The Governing Board will determine, after receiving the Director's recommendation, which fund is in most need of interest income and the Director shall execute a transfer. This provision does not apply when the use of interest earned on a particular fund is restricted.

Ethics and Conflicts of Interest

OPERATIONAL SERVICES

4:130 Free and Reduced-Price Food Services

Notice

The Director or designee shall be responsible for implementing the District's free and reduced-price food services policy and all applicable programs.

Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education. From time to time, the income eligibility guidelines and standards may not be necessary when reimbursements for students' free breakfasts and lunches are claimed through the U.S. Depts. of Agriculture and Education's Community Eligibility Provision (CEP). When claiming the CEP, the District will follow its requirements.

Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Director shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Department of Agriculture in 7 C.F.R. §245.7, Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Director shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal. [PRESSPlus1](#)

The Director shall keep on file for a period of three years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for three years.

Question 1. See Comment PRESSPlus1. Has the Board adopted the optional sentence to inform the community about students' rights under the HFSBRA? Type yes or no. If yes, PRESS Plus will add the Hunger-Free Students' Bill of Rights Act to the Legal References.

Answer: No

PRESSPlus Comments

PRESSPlus 1. The Hunger-Free Students' Bill of Rights Act (HFSBRA) (105 ILCS 123/, added by P.A. 100-1092) requires the district to provide a free meal or snack to a student who requests it, regardless of his or her ability to pay.

The HFSBRA does not contain a publication requirement. For boards that wish to inform their communities about students' rights under the HFSBRA, insert the following sentence:

The status of a student's appeal or eligibility for free or reduced-price food services shall not relieve the District of its obligation to provide him or her with a free meal or snack under the Hunger-Free Students' Bill of Rights Act if he or she requests one, regardless of his or her ability to pay.

4:190 Targeted School Violence Prevention Program

New/Unpublished Section

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. [PRESSPlus1](#) Providing students and staff with access to a safe and secure District environment is an important Board goal. While it is not possible for the District to completely eliminate threats in its environment, a Targeted School Violence Prevention Program (Program) using the collective efforts of local school officials, staff, students, families, and the community helps the District reduce these risks to its environment.

The Superintendent **Director** or designee shall develop and implement the Program. [PRESSPlus2](#) The Program oversees the maintenance of a District environment that is conducive to learning and working by identifying, assessing, classifying, responding to, and managing threats and acts of targeted school violence. The Program shall be part of the District's Comprehensive Safety and Security Plan, required by Board policy 4:170, *Safety*, and shall:

1. Establish a District-level School Violence Prevention Team to: (a) develop a District-level Targeted School Violence Prevention Plan, and (b) oversee the District's Building-level Threat Assessment Team(s). [PRESSPlus3](#)
2. Establish Building-level Threat Assessment Team(s) to assess and intervene with individuals whose behavior may pose a threat to safety. This team may serve one or more schools.
3. Comply with State and federal law and align with Board policies.

The Local Governmental and Governmental Employees Tort Immunity Act protects the District from liability. The Program does not: (1) replace the care of a physician licensed to practice medicine in all of its branches or a licensed medical practitioner or professional trained in violence prevention, assessments and counseling services, (2) extend beyond available resources within the District, (3) extend beyond the school day and/or school-sponsored events, or (4) guarantee or ensure the safety of students, District staff, or visitors. PRESSPlus Comments

PRESSPlus 1. This policy is optional. It contains items from *Threat Assessment in Virginia Public Schools: Model Policies, Procedures, and Guidelines*, Second Edition (August 2016), Virginia Center for School and Campus Safety, Virginia Dept. of Criminal Justice Services, at: www.dcjs.virginia.gov/sites/dcjs.virginia.gov/files/publications/law-enforcement/threat-assessment-model-policies-procedures-and-guidelinespdf.pdf. *Threat Assessment in Virginia Public Schools* is based upon a synthesis of established research and recognized standards of practice regarding threat assessment and management in school and workplace settings, including *Threat Assessment in Schools: A Guide to Managing Threatening Situations and to Creating Safe School Climates*, a 2002 publication of the U.S. Secret Service and the U.S. Dept. of Education, at: www.secretservice.gov/data/protection/ntac/ssi_guide.pdf.

Boards are authorized to adopt a policy on targeted school violence prevention programs even though State and federal law provide little guidance. Adopting a policy that addresses targeted school violence prevention provides (a) a way for boards to monitor that it is being done, and (b) an opportunity for each board and the superintendent to examine all current policies, collective bargaining agreements, and administrative procedures on this subject.

Before adoption of this policy, each board may want to have a conversation with the superintendent to determine whether local

conditions and resources and current practices will support full implementation of this policy and its accompanying administrative procedures. Its goals and program will be most effective when they reflect local conditions and circumstances. Please see the Issue 100 PRESS Update Memo for more information and for a complete listing of the accompanying sample procedures and exhibits for this policy. **Issue 100, February/March 2019**

PRESSPlus 2. Ensuring school safety begins with establishing a comprehensive targeted school violence prevention program, which “includes forming a multidisciplinary threat assessment team, establishing central reporting mechanisms, identifying behaviors of concern, defining the threshold for law enforcement intervention, identifying risk management strategies, promoting safe school climates, and providing training to stakeholders.” *Enhancing School Safety Using a Threat Assessment Model: An Operational Guide for Preventing Targeted School Violence*, published by the U.S. Secret Service, at: www.dhs.gov/sites/default/files/publications/18_0711_USSS_NTAC-Enhancing-School-Safety-Guide.pdf. **Issue 100, February/March 2019**

PRESSPlus 3. The establishment of threat assessment teams in K-12 public schools is Recommendation #1 of the *Recommendations of the Illinois Terrorism Task Force School Safety Working Group*, presented to the Office of the Governor on 4-5-18, at: www.iasb.com/safety/. Illinois higher education institutions have required threat assessment teams since the passage of the Campus Security Enhancement Act of 2008 (110 ILCS 12/20(b)(2), eff. 1-1-09) in response to the shootings that took place at Virginia Polytechnic Institute and State University on 4-16-07 and Northern Illinois University on 2-14-08. **Issue 100, February/March 2019**

PRESSPlus 4. **Consult the board attorney for guidance concerning liability in this area.** Except for cases of willful and wanton conduct, the Local Governmental and Governmental Employees Tort Immunity Act (TIA) likely protects districts from liability for failure to properly identify and/or respond to a student’s behavior that results in injury or suicide. See 745 ILCS 10/3-108 and *Grant v. Board of Trustees of Valley View School Dist. No. 365-U*, 286 Ill.App.3d 642 (3rd Dist. 1997). Every situation is fact specific, and the issues require careful evaluation. A disclaimer, such as the one presented here, may not be sufficient. A district may take several actions, after discussion with its board attorney, to minimize liability, such as adding limiting phrases and ensuring other policies are followed.

In addition to the TIA, school officials and districts may also be entitled to qualified immunity in civil rights lawsuits that seek to hold them liable for a suicide. For further discussion, see f/n 13 in policy 7:290, *Suicide and Depression Awareness and Prevention*. **Issue 100, February/March 2019**

Investigations

The Director ~~Superintendent~~ or designee shall ensure that a fingerprint-based criminal history records check and a check of the Statewide Sex Offender Database and Violent Offender Against Youth Database is performed on each applicant as required by State law. When the applicant is a successful director candidate who has been offered employment by the Board, the Board President shall ensure that these checks are completed. The Director or designee, or if the applicant is a successful director candidate, then the Board President shall notify an applicant if the applicant is identified in either database. [PRESSPlus2](#)

The School Code requires the Board President to keep a conviction record confidential and share it only with the Director, Regional Superintendent, State Superintendent, State Educator Preparation and Licensure Board, any other person necessary to the hiring decision, or for purposes of clarifying the information, the Ill. ~~Department~~ Dept. of State Police and/or Statewide Sex Offender Database. The District retains the right to discharge any employee whose criminal background investigation reveals a conviction for committing or attempting to commit any of the offenses outlined in Section 5/ 21B-80 of the School Code or who falsifies, or omits facts from, his or her employment application or other employment documents.

The Director shall ensure that the District does not engage in any investigation or inquiry prohibited by law, including without limitation, investigation into or inquiry concerning: (1) credit history or report unless a satisfactory credit history is an established bona fide occupational requirement of a particular position; (2) claim(s) made or benefit(s) received under Workers' Compensation Act; and (3) access in any manner to his or her personal online account, [PRESSPlus4](#) such as social networking websites, including a request for passwords to such ~~sites~~ accounts.

The Governing Board will pay the expenses of any such examination.

Orientation Program

The District's staff will provide an orientation program for new employees to acquaint them with the District's policies and procedures, the school's rules and regulations, and the responsibilities of their position.

Employment Contracts

Upon initial employment and annually thereafter during continuous employment, each Administrative, Certified, and Licensed employee shall be issued and required to sign a Contract of Employment stating the title of the position for which they are hired, the compensation for the position, the length of time the position will be filled, and the date on which the benefits will begin to accrue.

Upon initial employment and annually thereafter during continuous full time employment, each support employee shall be issued an administrative letter stating the title of the position for which they are hired, the compensation for the position, and the date on which the benefits will begin to accrue.

Multiple year contracts may be issued to Administrative Personnel employed by the District according to conditions established by the Superintendents' Advisory Committee and Governing Board and in accordance with the School Code.

Letters of Intent to employ may be issued by the Director prior to the beginning of the school year but are subject to approval by the Governing Board at its September meeting. If approval is given, a contract will be issued.

If the employment is not approved by the Governing Board the employee shall be notified in writing of the reasons for the disapproval. Compensation earned up to the time of the disapproval shall be afforded the employee.

Certified and licensed employees shall be expected to fulfill all provisions of their contract unless otherwise determined by Superintendents' Advisory Committee and Governing Board action.

PRESSPlus Comments

PRESSPlus 1. 105 ILCS 5/10-16.7. The foundation for a productive employment relationship begins with a board's policy, a thoughtfully crafted employment contract and job description, and procedures for communications and ongoing assessment. See IASB's *Foundational Principles of Effective Governance*, **Principle 3. The board employs a superintendent**, at: www.iasb.com/pdf/found_prin.pdf. See also 3:40-E, *Checklist for the Superintendent Employment Contract Negotiation Process*, for best practice discussions about establishing the board-superintendent employment relationship and contract. **Issue 99, October/November 2018**

PRESSPlus 2. 105 ILCS 5/10-21.9(b) and 105 ILCS 5/21B-10. The School Code requires the board president to keep a conviction record confidential. It is impossible to know whether a fingerprint-based criminal history records check and a check of the Statewide Sex Offender and Violent Offender Against Youth Databases on a successful superintendent candidate will come back with a conviction record.

Therefore, in accordance with best practice (ensuring compliance and aligning with good governance principles), this policy does not assign a designee for the board president to complete this task. However, to balance the requirement to keep conviction records confidential with the practical implementation of ensuring a fingerprint-based criminal history records check and a check of the Statewide Sex Offender and Violent Offender Against Youth Databases are performed on each successful superintendent applicant, a board president may want to designate the duty to order these checks to the individuals otherwise listed in 105 ILCS 5/10-21.9(b). **Issue 99, October/November 2018**

PRESSPlus 3. If a board wants to require additional background inquiries beyond the fingerprint-based criminal history records information check required by 105 ILCS 5/10-21.9, including the federal *Rap Back Service* (20 ILCS 2630/3.3, added by P.A. 100-718) and/or checks through consumer reporting agencies regulated by the Fair Credit Reporting Act (15 U.S.C. § 1681 *et seq.*), consult the board attorney. **Issue 99, October/November 2018**

PRESSPlus 4. Revised to more closely align to the legislative changes made to 820 ILCS 55/10 (*Facebook Password Law*) by P.A. 99-610. A *personal online account* is defined as an online account used primarily by a person for personal purposes. *Personal online account* does not include an account created, maintained, used, or accessed for the business purpose of a person's employer or prospective employer. **Issue 99, October 2018**

5:60 Expenses

The Board regulates the reimbursement of all travel, meal, and lodging expenses by resolution. Money shall not be advanced or reimbursed, or purchase orders issued for: (1) the expenses of any person except the employee, (2) anyone's personal expenses, or (3) entertainment expenses. Entertainment includes, but is not limited to, shows, amusements, theaters, circuses, sporting events, or any other place of public or private entertainment or amusement, unless the entertainment is ancillary to the purpose of the program or event. **The District is not responsible for losses due to an employee's own negligence, losses due to normal wear, or losses due to theft, unless the theft was a result of the District's negligence.** [PRESSPlus1](#) Employees must submit the appropriate itemized, signed, standardized form(s) to support any requests for expense advancements, reimbursements, or purchase orders that show the following:

1. The amount of the estimated or actual expense, with attached receipts for actual incurred expenses.
2. The name and title of the employee who is requesting the expense advancement or reimbursement. Receipts from group functions must include the names, offices, and job titles of all participants.
3. The date(s) of the official business on which the expense advancement, reimbursement, or purchase order will be or was expended.
4. The nature of the official business conducted when the expense advancement, reimbursement, or purchase order will be or was expended.

Advancements

The Director may advance expenses to teachers and other licensed employees for the anticipated actual and necessary expenses to be incurred while attending meetings that are related to their duties and will contribute to their professional development, provided they fall below the maximum allowed in the Board's expense regulations.

Expense advancement requests must be submitted to the Director or designee on the District's standardized estimated expense approval form for employees. After spending expense advancements, employees must use the District's standardized expense reimbursement form and submit to the Director: (a) the itemized, signed advancement voucher that was issued, and (b) the amount of actual expenses by attaching receipts. Any portion of an expense advancement not used must be returned to the District. Expense advancements and vouchers shall be presented to the Board in its regular bill process.

Reimbursements and Purchase Orders

Expense reimbursements and purchase orders may be issued by the Director or designee to employees, along with other expenses necessary for the performance of their duties, provided the expenses fall below the maximum allowed in the Board's expense regulations.

Expense reimbursements and purchase order approvals are not guaranteed and, when possible, employees should seek pre-approval of expenses by providing an estimation of expenses on the District's standardized estimated expense approval form for employees, except in situations when the expense is diminutive. When pre-approval is not sought, employees must seek reimbursement on the District's standardized expense reimbursement form for employees. Expense reimbursements and purchase orders shall be presented to the Board in its regular bill process.

Use of Credit and Procurement Cards

Credit and procurement card usage is governed by policy 4:55, *Use of Credit and Procurement Cards*.

Exceeding the Maximum Allowable Expense Amount(s)

All requests for expense advancements, reimbursements, and purchase orders exceeding the maximum allowed in the Board's expense regulations may only be approved when:

1. The Board's resolution to regulate expenses allows for such approval;
2. An emergency or other extraordinary circumstance exists; and
3. The request is approved by a roll call vote at an open Board meeting.

Registration

When possible, registration fees will be paid by the District in advance.

Travel

The least expensive method of travel will be used, provided that no hardship will be caused to the employee. Employees will be reimbursed for:

1. Air travel at the coach or economy class commercial airline rate. First class or business class air travel will be reimbursed only if emergency circumstances warrant. The emergency circumstances must be explained on the expense form and Board approval of the additional expense is required. Copies of airline tickets must be attached to the expense form.
2. Rail or bus travel at actual cost. Rail or bus travel costs may not exceed the cost of coach airfare. Copies of tickets must be attached to the expense form to substantiate amounts.
3. Use of personal automobiles at the standard mileage rate approved by the Internal Revenue Service for income tax purposes. The reimbursement may not exceed the cost of coach airfare. Mileage for use of personal automobiles in trips to and from transportation terminals will also be reimbursed. Toll charges and parking costs will be reimbursed.
4. Automobile rental costs when the vehicle's use is warranted. The circumstances for such use must be explained on the expense form.
5. Taxis, airport limousines, or other local transportation costs.

Meals

Employees will be reimbursed for meal costs and tips up to \$30 per day consistent with the maximum reimbursement amount(s) set by the Board. Tips are included with meal charges. Expense forms must explain the meal charges incurred. Alcoholic beverages will not be reimbursed.

Lodging

Employees should request conference rate or mid-fare room accommodations. A single room rate will be reimbursed. Employees should pay personal expenses at checkout. If that is impossible, deductions for the charges should be made on the expense form.

Miscellaneous Expenses

Employees may seek reimbursement for other expenses incurred while attending a meeting sponsored by organizations described herein by fully describing the expenses on the expense form, attaching receipts.

The Illinois Teachers' Retirement System (TRS) limits a substitute teacher who is a TRS annuitant to substitute teaching for a period not to exceed 120 paid days or 600 paid hours in each school year, but not more than 100 paid days in the same classroom. [PRESSPlus3](#) Beginning July 1, 2020, a substitute teacher who is a TRS annuitant may substitute teach for a period not to exceed 100 paid days or 500 paid hours in any school year, unless the subject area is one where the Regional Superintendent has certified that a personnel shortage exists.

The Board establishes a daily rate of pay for substitute teachers. Substitute teachers receive only monetary compensation for time worked and no other benefits.

Short-Term Substitute Teachers [PRESSPlus4](#)

A short-term substitute teacher must hold a valid short-term substitute teaching license and have completed the District's short-term substitute teacher training program. [PRESSPlus5](#) Short-term substitutes may teach no more than five consecutive school days for each licensed teacher who is under contract with the Board.

PRESSPlus 1. Each board may require new substitute teacher employees to furnish evidence of physical fitness to perform duties assigned and must require new substitute teacher employees to furnish evidence of freedom from communicable disease. 105 ILCS 5/24-5(b-5), added by P.A. 100-855. Evidence may consist of a physical examination, which must be performed within 90 days before the time it is presented to the board, and the substitute teacher bears the cost of the physical examination. Dept. of Public Health or by order of a local public health official. **Issue 99, October/November 2018**

PRESSPlus 4. 105 ILCS 5/21B-20(4), added by P.A. 100-596, governs Short-Term Substitute Teaching Licenses, which may be issued from 7-1-18 until 6-30-23. Short-Term Substitute Teaching Licenses are not eligible for endorsements. Id. Applicants for a Short-Term Substitute Teaching License must hold an associate's degree or have completed at least 60 credit hours from a regionally accredited institution of higher education. Individuals who have had their Professional Educator License or Educator License with Stipulations suspended or revoked are not eligible to be short-term substitutes. Id. Short-term substitutes may not be hired for teacher absences lasting six or more days. **Issue 99, October/November 2018**

PRESSPlus 5. 105 ILCS 5/10-20.67 (final citation pending), added by P.A. 100-596, requires boards to conduct this training. This requirement provides an opportunity for each board and the superintendent to examine all current policies, collective bargaining agreements, and administrative procedures on this subject. Each board may then want to have a conversation with the superintendent and direct him or her to develop a curriculum for a short-term substitute teacher training program that provides individuals who hold a Short-Term Substitute Teaching License with information on curriculum, classroom management techniques, school safety, and district and building operations. See also 5:220-AP, *Substitute Teachers*, and f/n 3 in 5:220-AP. These expectations will be most effective when they reflect local conditions and circumstances. Training and curriculum for a short-term substitute teacher training program may be subjects of mandatory collective bargaining, therefore consulting with the board attorney should be a part of this process. A district would commit an unfair labor practice by implementing new programs for staff without first offering to negotiate them with the applicable exclusive bargaining representative.

School boards may choose to also offer this training program to individuals who hold a Substitute Teaching License and/or substitute teachers holding a Professional Educator License. This provision repeals on 7-1-23. **Issue 99, October/November 2018**

Educational Support Personnel

5:330 Leaves of Absence

Sick Leave and IMRF Service Credit Plan

Please refer to the Collective Bargaining Agreement Between Blackhawk Area Special Education District and Blackhawk Area Special Education Association-IEA-NEA.

For those not covered by this agreement:

The following persons shall be provided not less than ten (10) paid days of sick leave each school year.

All educational support employees who are eligible to participate in the Illinois Municipal Retirement Fund under the "600 Hour Standard" as provided in the regulations and/or guidelines of the Illinois Municipal Retirement Fund shall be provided not less than ten (10) paid days of sick leave each school year. Reference 105 ILCS 5/24-6.

Full time employees employed nine (9) to eleven (11) months per year and who work five (5) days per week shall receive twelve (12) days of paid sick leave per year. Full time employees who are employed nine (9) to eleven (11) months per year, working less than five days per week, shall receive ten (10) days of paid sick leave per year. Full time employees employed for twelve (12) months per year shall receive fifteen (15) days of paid sick leave per year. The aggregate sick leave available to each employee is calculated as described below. No sick leave is provided until the employee reports to work on their first day.

Sick days per se shall be consistent in length with the employee's regular workday on the "day" they take off sick. For example, employees with 4.0, 7.5 or 8.0 hour/day contracts have "sick days" equal to 4.0, 7.5 or 8.0 hours respectively. A staff member taking off "sick" all day on a day they are contracted to work 4.0 is docked 4.0 hours from the aggregate sick leave to which they are entitled.

Sick leave may be used in minimum of one (1) hour units. The aggregate available sick leave per employee will be determined by multiplying the number of "days" of sick leave to which they are entitled by the average hourly length of their work-day rounded to the nearest quarter hour. For example: A ten month employee is entitled to 12 "days" of sick leave per year and is contracted to work for four days/week @ 7.5 hours/day and one day/week @ 3.5 hours. The total contract hours in the week = 33.5 and the average work day length = 6.7 or 6 hours and 45 minutes. The aggregate sick leave to which they are entitled per year is 12 x 6 hours and 45 minutes = 81 hours.

Paid sick days under this Policy will be available for the reasons specified in the School Code, i.e. personal illness (including illness related to pregnancy and child birth), quarantine at home, serious illness or death in the immediate family or household, or birth, adoption or placement for adoption. Immediate family is defined as: parents, spouse, brothers, sisters, children, stepchildren, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law and legal guardians. (Reference 105 ILCS 5/24-6).

Requests for sick leave related to the birth of a child must be filed with the Director as soon as possible but not later than sixty (60) days prior to the anticipated date of delivery, except in the case of a health care provider substantiated emergency, and shall state the expected date of return.

In the event that the employee does not return on the agreed date or within eight weeks, the Director may require that the employee provide a written statement from his/her health care provider stating that the employee is not physically capable to perform his/her duties.

Return to Employment: Employees returning from approved leaves may be required to submit a report verifying that such leave was used for the purpose for which it was granted or that they are physically capable of returning to work. Employees returning from approved leaves shall be assured of employment in the District in a capacity for which they are qualified but not necessarily the same position held prior to the leave.

Illness/temporary disability caused or contributed to by pregnancy, childbirth or related conditions shall be treated the same as disabilities caused or contributed to by other medical conditions in the granting of paid sick leave days under this policy.

Sick leave days may be accumulated from year to year up to the maximum allowed for credit by the Illinois Municipal Retirement Fund for certificated staff plus an additional (5) days of sick leave. Please refer to the applicable collective bargaining agreement(s) for the District's written plan allowing eligible employees to convert eligible accumulated sick leave to service credit upon an employee's retirement under the Illinois Municipal Retirement Fund.

Employees may elect to substitute paid sick leave days for unpaid days taken under the FMLA, to the extent the circumstances meet the requirements for the use of sick leave days under BHASED policies, regulations and procedures and as specified in the regulations promulgated under the FMLA.

3. Contributions - All employees may voluntarily participate in the sick leave bank by contributing one (1) of their days. All newly hired employees will be given the opportunity to contribute to the sick leave bank. However, no employee will be required to contribute sick days to the Bank.

4. Granting Sick Days From Bank
 - a. Sick Leave Bank days may be granted by the Sick Leave Bank Committee for a catastrophic illness of the employee or immediate family members.
 - b. In anticipation of need, requests may be made before the employee has exhausted his/her accumulated sick leave. However, an employee must have exhausted his/her accumulated paid sick leave before using days donated by the Sick Leave Bank..

 - d. The maximum number of days allowed to be withdrawn from the Sick Leave Bank per request shall not exceed ten (10) of their days. Any additional days per illness may be requested in writing. 7:100 Health, Eye, and Dental Examinations, Immunizations, and Exclusion of Students

Required Health Examinations and Immunizations

A student's parent(s)/guardian(s) shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grades 6 and 12.

As required by State law:

1. The required health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. Before admission and in conjunction with required physical examinations, parent(s)/guardian(s) of children between the ages of one and seven years must provide a statement from a physician that their child was *risk-assessed* or screened for lead poisoning.

[PRESSPlus2](#)

Unless an exemption or extension applies, the failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after October 15 of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by October 15 may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

Eye Examination

Parent(s)/guardian(s) are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parent(s)/guardian(s) of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the

school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Director or designee shall ensure that parent(s)/guardian(s) are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Dental Examination [PRESSPlus3](#)

All children in kindergarten and the second, ~~and sixth, and ninth~~ grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second, ~~or sixth, or ninth~~ grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parent(s)/guardian(s) are notified of this dental examination requirement at least 60 days before May 15 of each school year.

Exemptions

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious ~~or medical~~ grounds, if the student's parent(s)/guardian(s) present the IDPH's Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parent(s)/guardian(s) of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease* and State rules if there is an outbreak of one or more diseases from which the student is not protected.
2. Health examination or immunization requirements on medical grounds, if ~~at the examining physician, advanced registered practice nurse, or physician assistant~~ provides written verification.
3. Eye examination requirement, if the student's parent(s)/guardian(s) show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.
4. Dental examination requirement, if the student's parent(s)/guardian(s) show an undue burden or a lack of access to a dentist.

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment. School Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

STUDENTS

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug or controlled substance, or cannabis (including ~~medical cannabis~~, marijuana, ~~and hashish~~, and ~~medical cannabis unless the student is authorized to be administered a medical cannabis infused product under Ashley's Law~~), [PRESSPlus1](#)
 - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
 - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited ~~unless the student is authorized to be administered a medical cannabis infused product under Ashley's Law~~.
 - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
 - g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the

student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.

- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
5. Using or possessing a cellular telephone, electronic signaling device, two-way radio, video recording device, and/or other telecommunication device, unless authorized and approved by the Building Principal.
6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
11. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
12. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
13. Entering school property or a school facility without proper authorization.
14. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truant.
16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Director or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including

suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised. [PRESSPlus2](#)
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

School staff members shall not use isolated time out and physical restraints other than as permitted in Section 10-20.33 of the School Code, State Board of Education rules, and procedures developed by the Director. Neither isolated time out nor physical restraints shall be used to discipline or punish a student.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Director, and the Director's determination may be modified by the Board on a case-by-case basis. The Director or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Director or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Director, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Director, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

PRESSPlus 1. 105 ILCS 5/22-33 (*Ashley's Law*), added by P.A. 100-660, provides that school districts "shall authorize a parent or guardian or any other individual registered with the Ill. Dept. of Public Health as a designated caregiver of a student who is a registered qualifying patient to administer a medical cannabis infused product to the student on the premises of the child's school or on the child's school bus if both the student (as a registered qualifying patient) and the parent or guardian or other individual (as a registered designated caregiver) have been issued registry identification cards under the Compassionate Use of Medical Cannabis Pilot Program Act." Once the product is administered, the designated caregiver must remove the product from the school premises/bus. The product may not be administered in a manner that would (in the school or district's opinion) create a disruption or expose other students to the product, and schools are not required to authorize use of the product if the school or district would lose federal funding as a result. PRESSPlus 2. 105 ILCS 5/10-22.6, amended by P.A. 100-1035, allows in-school suspension programs for K-12 students to focus on promoting non-violent conflict resolution and positive interaction with other students and school personnel, and districts may employ a school social worker or a licensed mental health professional to oversee in-school suspension programs. Providing programming during in-school suspensions is not required, however providing such programming will help distinguish them from exclusionary suspensions. **Issue 99, October/November 2018**

7:260 Exemption from Physical Education

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Alternative activities and/or units of instruction will be provided for pupils whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses.

State law prohibits a board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the Cooperative.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP).

Students in grades 7 and 8 may submit a written request to the Building Principal to be excused from physical education courses because of his or her ongoing participation in an interscholastic or extracurricular athletic program. The Building Principal will evaluate requests on a case-by-case basis.

The Director or designee shall maintain records showing that the criteria set forth in this policy were applied to the student's individual circumstances, as appropriate.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course: [PRESSPlus1](#)

1. The time of year when the student's participation ceases;
2. The student's class schedule

7:270 Administering Medicines to Students

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent(s)/guardian(s) believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No Governing Board employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent(s)/guardian(s). No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Self-Administration of Medication

A student may possess an epinephrine injector, e.g., EpiPen®, and/or medication prescribed for asthma for immediate use at the student's discretion, provided the student's parent(s)/guardian(s) have completed and signed a *School Medication Authorization Form*. The Governing Board shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication epinephrine injector or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector and/or medication, or the storage of any medication by school personnel.

District Supply of Undesignated Asthma Medication [PRESSPlus1](#)

The Director or designee shall implement Section 22-30(f) of the School Code and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. *Undesignated asthma medication* means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having *respiratory distress*. Respiratory distress may be characterized as *mild-to-moderate* or *severe*. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

Designated Caregiver Administration of Medical Cannabis [PRESSPlus2](#)

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a *medical cannabis infused product* to a child who is a student on the premises of his or her school or on his or her school bus if:

1. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
2. Copies of the registry identification cards are provided to the District, [PRESSPlus3](#) and
3. That student's parent/guardian completed, signed, and submitted a *School Medication Authorization Form - Medical Cannabis*. [PRESSPlus4](#)

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. [PRESSPlus5](#) Smoking and/or vaping medical cannabis is prohibited. [PRESSPlus6](#)

After administering the product to the student, the designated caregiver shall immediately [PRESSPlus7](#) remove it from school premises or the school bus. The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product. [PRESSPlus8](#)

Discipline of a student for being administered a product by a designated caregiver pursuant to this policy is prohibited. The

District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The **District Supply of Undesignated Asthma Medication** section of the policy is void whenever the Director or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated asthma medication from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District's prescription for undesignated school asthma medication. [PRESSPlus9](#)

The **Designated Caregiver Administration of Medical Cannabis** section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated asthma medication, the Director or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Disclaimers

Upon implementation of this policy, the protections from liability and hold harmless provisions as explained in Section 22-30(c) of the School Code apply.

No one, including without limitation parent(s)/guardian(s) of students, should rely on the District for the availability of undesignated asthma medication. This policy does not guarantee the availability of undesignated medications. Students and their parent(s)/guardian(s) should consult their own physician regarding these medication(s).

Question 1. Has the Board adopted the optional subsection regarding a School District Supply of Undesignated Asthma Medication? Type yes or no.

Answer: No

Question 2. Has the Board adopted the subsection regarding Designated Caregiver Administration of Medical Cannabis? Type yes or no.

Answer: No

PRESSPlus Comments

PRESSPlus 1. Optional. A school board must ensure that it does not adopt this section into the policy unless it is prepared to implement 105 ILCS 5/22-30, amended by P.A. 100-726, eff. 1-1-19. The law permits a district to maintain a supply of undesignated asthma medication in any secure location that is accessible before, during, and after school where a person is most at risk, including, but not limited to a classroom or the nurse's office, and use them when necessary. The P.A. 100-726, eff. 1-1-19, amendment requiring accessibility before, during, and after school does not address the logistical issues that classrooms are typically locked before and after school. Consult the board attorney about the implementation issues with this new phrase in the law.

Consult the board attorney about the consequences of informing the community that the district will obtain a prescription for a supply of undesignated asthma medication, implement a plan for its use, and then not doing it, as doing so may be fraught with legal liabilities. Also fraught with legal liabilities is when the district provides them, but does not have them accessible before, during, and after school where an asthmatic person is most at risk as required by 105 ILCS 5/22-30, amended by P.A. 100-726, eff. 1-1-19.

The superintendent is given broad authority to implement this section; however, several preliminary steps should occur with the assistance of the board attorney. They include, but are not limited to: (1) investigating the feasibility of obtaining a prescription

for a supply of undesignated asthma medication in the name of the district or one of its schools, and (2) outlining the advantages and disadvantages of implementing this plan based upon each district's individual resources and circumstances, and student population's needs.

See **Questions** to indicate whether the board has adopted the School District Supply of Undesignated Asthma Medication subsection.

Issue 99, October/November 2018

PRESSPlus 2. 105 ILCS 5/22-33(g), added by P.A. 100-660 (*Ashley's Law*), allows students to be given medical cannabis infused products at school or on the school bus and requires school boards to adopt a policy to implement the law. **Important: Implementation of this policy may cause a district to lose federal funding. Consult the board attorney.**

See **Questions** to indicate whether the board has adopted the Designated Caregiver Administration of Medical Cannabis subsection.

Issue 99, October/November 2018

PRESSPlus 3. The laws are silent about copies of the cards being provided to the district. Requiring copies of the registry cards is a best practice. Consult the board attorney about any records laws implicated in requiring and maintaining copies of these registry cards. **Issue 99, October/November 2018**

PRESSPlus 4. A completed and signed school medication authorization form is not required by *Ashley's Law* but is a best practice and consistent with this sample policy's language for other medications. See sample exhibit 7:270-E2, *School Medication Authorization Form - Medical Cannabis*, available by logging in to **PRESS Online** at iasb.com. **Issue 99, October/November 2018**

PRESSPlus 5. Consult the board attorney regarding the controversial issue of students using at, or bringing to school, cannabis-infused products without THC that are derived from *industrial hemp* (hemp oil or cannabidiol (CBD) oil, the naturally occurring cannabinoid constituent of cannabis). **Issue 99, October/November 2018**

PRESSPlus 6. Optional sentence. 410 ILCS 130/10(q), amended by P.A. 100-660, and scheduled to be repealed on July 1, 2020, prohibits medical cannabis from being smoked. District administrators may find providing this information to the community helpful to enforcement of this policy. **Issue 99, October/November 2018**

PRESSPlus 7. The word *immediately* is not in *Ashley's law*. It is added to ensure legal compliance with federal laws that could affect federal funding. For example, consider administrators who may be in the situation where a designated caregiver provides his or her child the product and then wants to volunteer in the school or greet another child in the school while carrying the product in the building which may violate the Cannabis Control Act (720 ILCS 550). Consult the board attorney about the best term to use here, if any, as nothing in the law addresses these common scenarios that school administrators will encounter. **Issue 99, October/November 2018**

PRESSPlus 8. 105 ILCS 5/22-33(e), added by P.A. 110-660. **Issue 99, October/November 2018**

PRESSPlus 9. Discuss with the board attorney whether the board should remove this sentence when the district reaches full implementation of this section. **Issue 99, October/November 2018**
