August 31, 2020

Dear Parents/Guardians:

We are writing to notify you that two adult staff members at the Black Hawk Area Education Center have been diagnosed with COVID-19 /OR are exhibiting symptoms of COVID-19. We are working directly with the Rock Island County Health Department on this matter. Due to health privacy laws and respect for our staff members, their identities will not be released.

As the Center is on full remote learning until September 8th, we are confident that no children came into close contact with these individuals. Due to the IDPH guidelines for close contacts, several staff members are required to quarantine for 14 days. Therefore, at least two classrooms have been affected and will need to remain on full-remote learning until September 14th. Families of students in these classrooms will be contacted by the school administration.

Let us know if you have any questions or concerns. The well-being of our school community will always be our number one priority. Sending best wishes to your family.

Sincerely,

Christan Schrader,
Director, BHASED
