Referral for BHASED Services: Adapted PE/Vision Impaired/Hearing Impaired/Orthopedically Impaired/Occupational Therapy/Physical Therapy

STEPS

1. When the need for a BHASED Service evaluation is suspected, contact your assigned BHASED Coordinator to discuss.

2. If an evaluation for a possible service is determined, the district IEP team needs to hold a Domains Meeting to complete the Parent/Guardian Consent for an Initial Evaluation/Reevaluation (ISBE 34-57B/C). An Authorization for Exchange of Confidential Information should be signed by the parent to release any reports (generated by agencies or organizations other than the school district) to BHASED to assist with the evaluation.

3. IEP team should complete the "BHASED Itinerant Services Referral" packet for the specific BHASED Services and submit to Tawny Myers at BHASED (tmyers@bhased.org).

4. The IEP team will reconvene within 60 school days of the signed Parent/Guardian Consent for an Initial Evaluation/Reevaluation to determine eligibility for special education services.
